ARTICLE B. - NEIGHBORHOOD PLANNING

Sec. 6-3011. - Statement of policy and purpose.

The council finds that it is in the public interest for the City of Atlanta to have an organized program of neighborhood planning. It is the purpose of this article to provide an opportunity both for the citizenry formally to provide input into the comprehensive development plan of the city and to provide a means by which information concerning the operation of city government can be provided to the citizens of Atlanta. Further, it is the policy of the city to coordinate the recommendations of neighborhood planning units with the formulation of the city's budget, both capital and operating, in order that the comprehensive development plan be an effective policy guide for the orderly development of the city.
